"GALATA TOWER: ISTANBUL'S SKY-HIGH ICON"

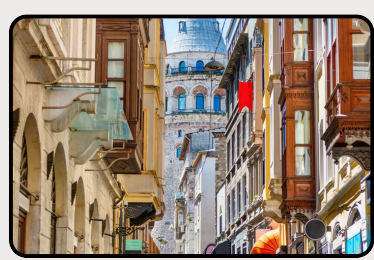

The Galata Tower, an iconic landmark in Istanbul, Turkey, stands tall with its cylindrical stone structure dominating the skyline of the historic Galata district. Originally built in the 6th century as a wooden lighthouse, it was reconstructed in its current form by the Genoese in the 14th century. Rising 67 meters above the city, the tower offers panoramic views of Istanbul, spanning from the Golden Horn to the Bosphorus Strait and beyond. Throughout its rich history, the Galata Tower has served various purposes, from a watchtower and prison to a fire lookout. Today, it stands as a popular tourist destination, drawing visitors with its breathtaking views and historical significance, encapsulating centuries of Istanbul's vibrant past.
